RESPONSE TO AMENDMENT

Request for Continued Examination

1. The Request for Continued Examination (RCE) under 37 CFR 1.53 (d) filed on April 28, 2008 is acceptable and a RCE has been established. An action on the RCE follows.
2. Claims 1-21 are pending in the application, claims 4, 9 and 12 are withdrawn from consideration.
3. Amendments to the claims, filed on April 28, 2008, have been entered in the above-identified application.

NEW REJECTIONS

4. **The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.**

Claim Rejections - 35 USC § 112

5. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. Claims 1-3, 5-8, 10, 11 and 13-21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the

claimed invention. In the instant case amended claims 1 and 15 contain(s) the limitation the top coat "will not fully burn" and claim 21 recites "the top coat has the ability to char when introduced to flame." The specification does not disclose that the top coat burns or chars, therefore this limitation is considered new matter.

Applicant argues that support for the new limitations are found in specification in paragraph [0022] and [0039]. However, the only support in these sections is that the coating is non-burnable or fire retardant.

The new matter should be deleted.

ANSWERS TO APPLICANT'S ARGUMENTS

7. Applicant's arguments in the response filed April 28, 2008 regarding the previous rejections of record have been considered but are moot due to the new grounds of rejection.
